**RENAULT
TRUCKS**

WELCOME

There's never been a better time to work in the commercial vehicle industry. Everything we need for modern life – food, clothes, medicines, tech, you name it, it's all delivered by a truck or van. And with leading edge vehicle technology, engineering and design, this is an exciting industry that's going places.

As a Renault Trucks Apprentice you are the future of our business. We'll give you the skills to learn, develop and excel in your career, while you earn. Our programme has been designed to meet the needs of this ever-changing industry, from Renault Trucks workshops which are fully equipped with the latest technology to our highly trained staff, we are committed to giving you the best start.

During our 4 year Heavy Vehicle Advanced Apprenticeship Programme, you will learn every aspect relating to the latest vehicle technologies. On our two year Aftersales Advanced Apprentice Programme you will focus on stock management, product and motor vehicle knowledge that will set you up for a career in customer service excellence.

At our state-of-the-art academy, we invest in the latest vehicles and diagnostic equipment, and continual professional development of our training team to ensure you get the highest quality learning experience in the industry.

Above all, we pride ourselves in developing people, ready for work and to achieve their ambitions. In this industry, you never stop learning, with continual professional development throughout your career. Make the first step, and apply today.

Adam Plastow, Commercial Academy Manager

OUR STUDENTS SAY IT BEST

100% of our students passed their qualifications in 2017. 100% went on to a successful career in commercial vehicles. Here's what they say.

“Renault Trucks helped me discover my passion for the trade during my school work experience. As an apprentice I enjoy every day at work as I continue with my training.”

Josh Nightingale

YOUR JOURNEY STARTS HERE

If you have a passion for fixing things, an apprenticeship with Renault Trucks is full of opportunities for an exciting and rewarding career. You'll learn something new every day and build your own future. Sounds good?

WHY RENAULT TRUCKS

Be part of a global brand:

- 125 year heritage
- Award-winning vehicle range
- Latest vehicle technology
- Driving sustainable transport

WHAT YOU'LL GET

We'll equip you with the knowledge and skills for your direct path to employment.

- On the job training, full time employment at an authorised dealer
- Earn as you learn (no student loans)
- Expert support & guidance
- Internationally recognised accreditation
- Transferable skills
- Great prospects and career progression

ENJOY THE BEST OF BOTH WORLDS

A real job with real pay and a sociable college life:

- Competitive salary
- Holiday pay
- Fully paid for training course, qualification fees and accommodation
- Travel & daily allowance (college days)

"We get the best of both worlds, learning on the job and experiencing college life, too."

JOIN OUR DIAMONDS

At Renault Trucks, we are inspired by the famous diamond that makes our logo, with our people – our diamonds – the proud professionals who make the difference for our customers every day.

RENAULT TRUCKS ACADEMY

COLLEGE LIFE

College is more than just your course! You'll be part of a vibrant student life, meeting new people & experiencing new things with our range of clubs, sports, health & fitness.

COLLEGE CAMPUS

At our Coalville campus, students learn in a modern setting that's dedicated to each person's technical and professional journey.

LEARN AND EARN

Over the four years of your apprenticeship, you'll spend fifteen two week periods of residential training at the Renault Trucks Academy, Stephenson College.

RESTAURANTS

Two campus dining areas, The Bistro and George's, offer a wide range of hot and cold snacks, meals and drinks.

FITNESS SUITE

Fully equipped fitness suite with stations of Technogym equipment.

NO STUDENT LOANS!

THE PROGRAMME

The Renault Academy offers two apprenticeship training programmes:

1. HEAVY VEHICLE ADVANCED APPRENTICESHIP PROGRAMME, UP TO 4 YEARS

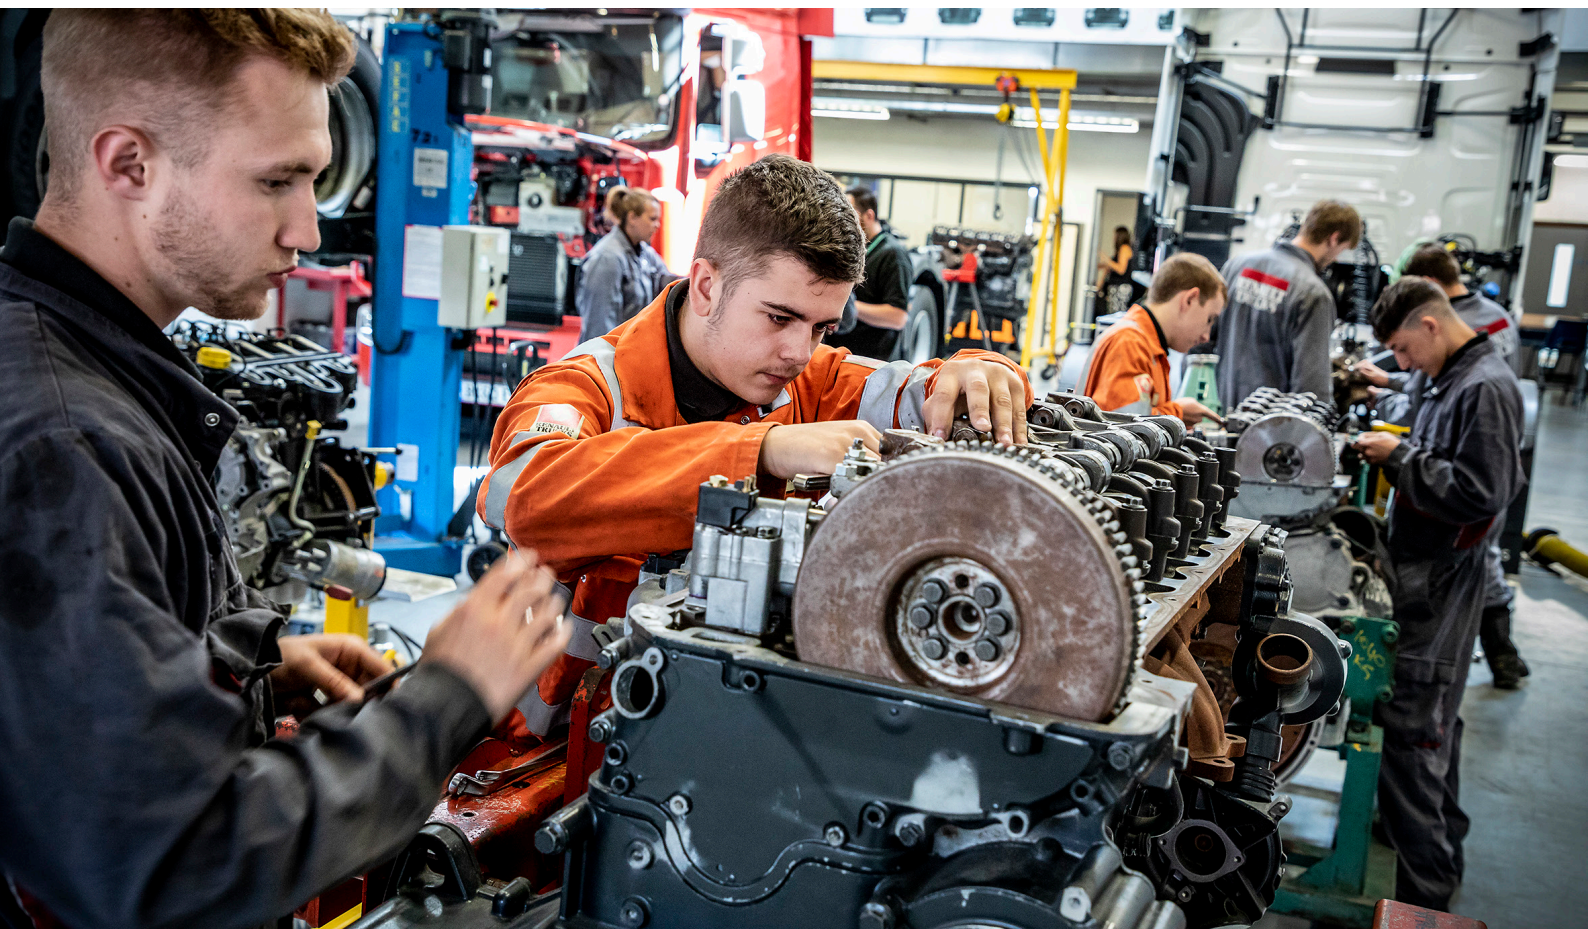

All aspects of heavy vehicle technology are embedded in this dedicated programme focusing on electronics, diagnostics and computer management systems:

- Working in dealership: learn on the job in the workshop, gaining hands on experience under the guidance of a trained mentor
- Fifteen, two week periods of residential training at the Renault Training Academy covers technology in engines, transmissions and the latest electronic diagnostic techniques for all vehicle systems
- Qualifications: Heavy Vehicle Service and Maintenance Technician (ST0068\AP02)

2. AFTERSALES ADVANCED APPRENTICESHIP PROGRAMME, 2 YEARS

This two year programme focuses on stock management, product and motor vehicle knowledge, effective customer service techniques, with the ability to identify customers' needs and exceed expectations:

- Working in dealership: learn on the job in parts and service, gaining hands on experience under the guidance of a trained mentor
- College: ten weeks in-depth residential training at the Renault Training Academy
- Qualifications: L2 Diploma in Vehicle Parts Principles & Competence
L3 Diploma in Vehicle Parts Principles & Competence

MANY OF OUR APPRENTICES WOULD RECOMMEND RENAULT TRUCKS TO A FRIEND.

“Renault Trucks has really supported me in my decision to become a mechanic. Three years on and I’m coming to the end of my apprenticeship, assisting with breakdown call out, gaining experience and about to become a fully qualified HGV service and repair mechanic. Next stop master technician for Renault Trucks!”

Holly Rice, Renault Trucks Cardiff Apprentice

“I’ve been in the automotive industry for 12 years and I still love working on trucks! I started out as an apprentice, became a fully qualified technician and a master technician and now I’m training the next generation of vehicle technicians, seeing my students thrive and love the industry as much as I do.”

Andy, Renault Trucks Lecturer, Stephenson College
